3 FERRY BOAT SEEDS
Address provided upon registration.

Saturday

10am- 12pm: Brook and Louisa of Ferry Boat Seeds will lead a tour of their organic seed production fields and seed processing facility. Learn about their approach to organic seed production and cleaning, with plenty of seed to look at during the peak of fall harvest season. Ferry Boat Seeds grows vegetable and flower seed on contract for research organizations and retailers, regionally and nationally.

2:30- 4pm: Join Ferry Boat Seeds for a farmer to farmer discussion of weed management. We will share our experience with a range of weeding tools from hand hoes to walk-behind cultivation tools to tractor-mounted weeding implements suitable for weeding 300 row-feet to 5+ acres. Participants are invited to bring their favorite weeding tool, or a picture to share. This will be a fun opportunity to discuss how to effectively and economically manage weeds in organic crop production.

Online registration required for both at
